Enon Grove Generating Station

Project Update

October 6, 2026

Bob Ramaekers

ENON GROVE
Generating Station

TENASKA®

An Established Business Neighbor

- Tenaska has been a good business neighbor in Heard County for 25 years
- Since 2001, Tenaska Georgia Generating Station has operated in a safe and responsible manner, while also providing stable jobs and tax revenue
  - In 2026, employees were awarded the Occupational Safety and Health Administration's (OSHA) Voluntary Protection Program (VPP) Star designation, the agency's highest recognition for workplace safety and health

Enon Grove Generating Station

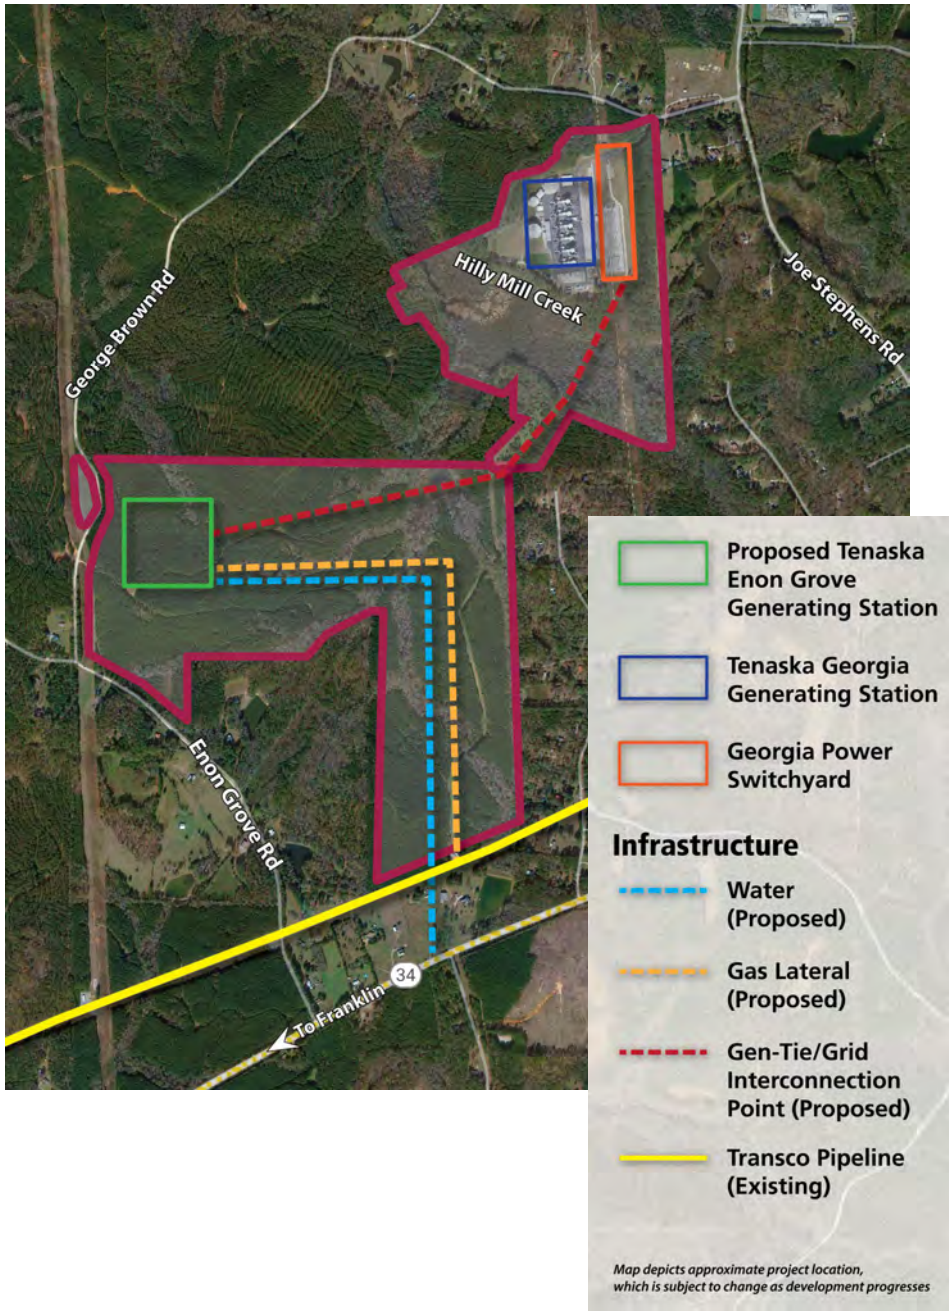

- Tenaska is pursuing an additional natural gas-fueled power plant in Heard County
  - Up to 2,000 MW of simple-cycle peaking facilities
- This type of facility is critical to the reliability of the electric grid, as the energy demands continue to increase

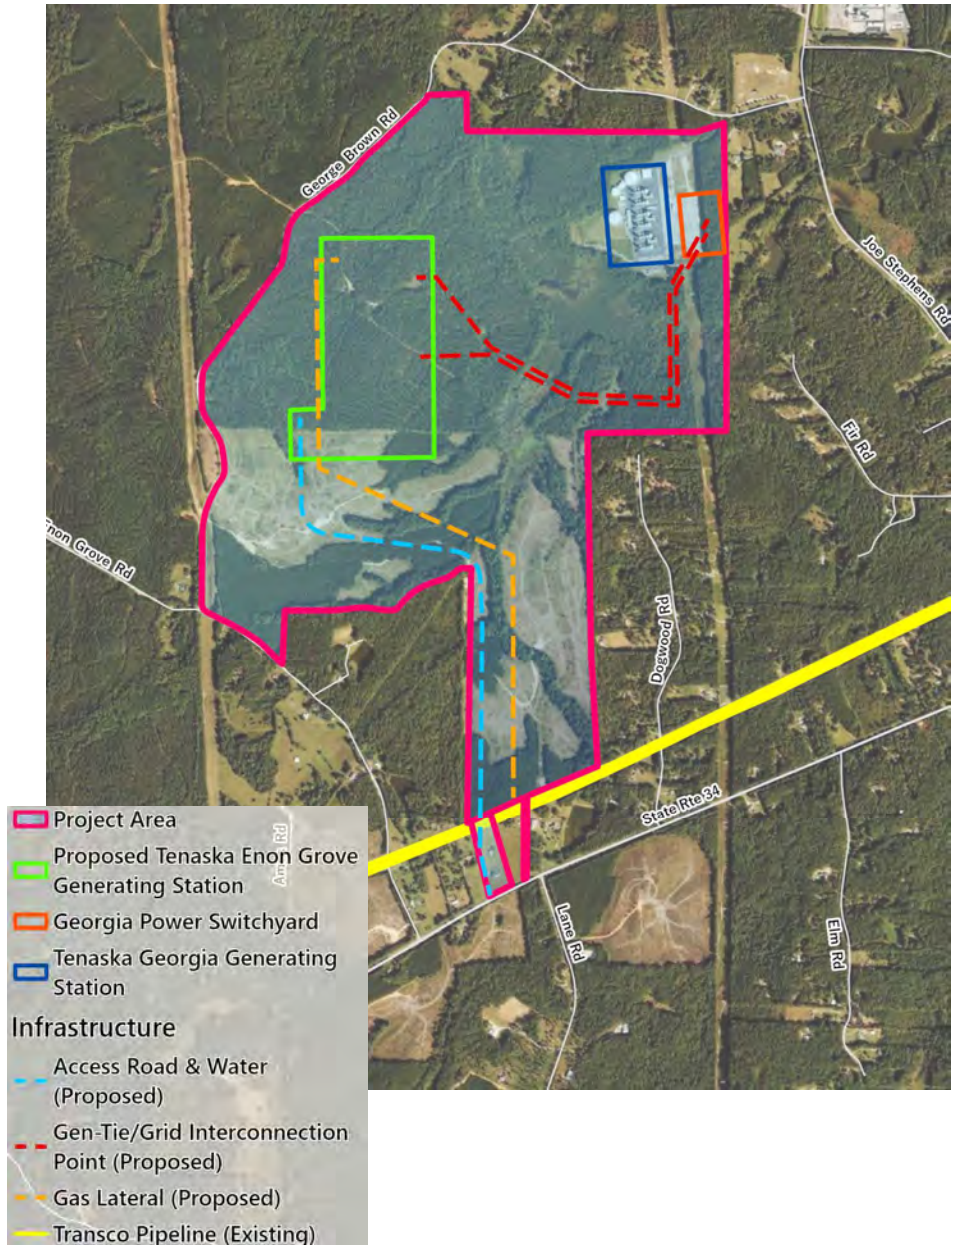

Project Updates

- Purchase of additional land, allowing shift of project footprint farther from closest neighbors
  - The project will be approximately 70 acres of the 565-acre site
- Secured direct access to Highway 34, will allow for minimal use of Enon Grove Road
- Finalized turbine selection
  - Smaller units, more advanced technology
- Continued to advance development
  - Revised permit applications
  - Advanced discussion with Heard County Water Authority

New Site

Project site design will continue to evolve throughout development

Direct Benefits to Heard County

- **Revised economic benefits study (based on 1,000 MW)**
  - $364 million total economic impact in Heard County during construction (3 years)
    - 1,786 jobs, with approximately $107 million in labor income
    - $221 million in contributions to the county's Gross Regional Product
    - $12.2 million in tax revenue
  - $30+ million annual direct economic impact in Heard County during operation
    - 6 full-time jobs, with approximately $1 million in labor income annually and approximately $19 million over 20 years
    - $16 million in contributions to the county's Gross Regional Product in the first year and approximately $320 million over 20 years
    - Millions of dollars in local tax revenue annually
- **Water system improvements with HCWA**

What Comes Next?

- Rezoning and Special Use Permit *(Heard County)*
- Tax abatement agreement *(Heard County)*
- Prevention of Significant Deterioration (PSD) Air Quality Permit *(Georgia Environmental Protection Division)*
- National Pollutant Discharge Elimination System (NPDES) Wastewater Discharge Permit *(Georgia Environmental Protection Division)*
- Clean Water Act Section 404 Permit *(Army Corps of Engineers)*

Revised Timeline

- Earliest construction start in late 2028, pending all necessary permits and approvals
- Earliest operations start in early 2032
